KwikNews

a year ago

KwikNews is a news app that summarizes news in a short format. Simple and easy to use. Just swipe up and read the news. Save time by reading summarized short news. News Categories - KwikNews covers news from various categories. India, World, Politics, National, Entertainment, Business, Technology, Sports, Science, and Health KwikNews covers the latest national and international headlines. News is sourced from multiple trusted sources. Features: • Share news with your friends and family on social platforms. • Dark mode for convenient night reading. This is the first version of the app. We are working on features for upcoming app updates. Download On Play Store We are launching the app on ProductHunt. Your feedback is much appreciated. <https://www.producthunt.com/posts/kwiknews>
